Website Development

Website Development [1]

The City of Longview is committed to providing quality, up-to-date information on the official website LongviewTexas.gov [2].

The goals of the City of Longview's Website Development efforts:

- Provide as many services online as possible, from online payment to activity registration.

- Provide information online as a transparent, open government.

- Provide a website design that is user-friendly and easy-to-navigate.

- Provide a website that has current information and up-to-date news.

- Provide contact information for city departments so that residents can directly communicate with the appropriate city staff throughout the organization.
